The Game

1. The softball program provides fast pitch competition for girls in seven divisions: 1A, 2A, 3A, 4A, 5A, 6A and 7A.
2. Schools are permitted 18 regular season varsity/junior varsity games plus 7 weekend and holiday tournaments. All tournaments other than area and state tournaments must be held with no loss of school time. A team's season ends when it is eliminated in the playoffs.
 - (a) Junior high and middle schools are permitted 14 regular season games. In addition, all schools may play 5 weekend or holiday tournaments with no loss of school time. A season-ending tournament may be played during the week.
3. A tournament is defined as an organized competition in a sport that finally results in determining a champion. In softball, tournaments using elimination and round-robin formats may be sanctioned. Tournaments must involve three or more teams and are usually played at one site. (All teams participating must count the event the same whether the event is completed or not.)
4. All participants must be eligible under AHSAA rules. Any complaint regarding the eligibility of any student must be made to the AHSAA Office.
5. Each of the (1A-6A) classes is divided into 16 areas with each area winner and runner-up advancing to a regional tournament. The winner and runner-up in the regional tournament will advance to the state tournament. Area teams are required to play two regular season games against each of its area opponents. 7A is divided into 8 areas with each winner and runner-up advancing to a regional tournament.
6. The brackets for Regional and State Tournaments will be on a three-year rotation.
7. Games will be played under National Federation rules and all rules for State Association Adoption that have been adopted. In accordance with NFHS and AHSAA rules, protests are not allowed.

12. Contest Guidelines:

May 9-11 Qualifying Regionals (double elimination)

May 15-18 State Tournament (double elimination) at Lagoon Park, Montgomery.

Field Criteria:

- (1) All area, qualifying regional and state tournament games must be played on fields that meet the requirements listed in the National Federation Softball Rules book.
Note: The AHSAA recommends a minimum height of six feet for all fences enclosing the field and a minimum distance of 15 feet from each foul line to the nearest obstruction in foul territory.
- (2) If the home team of an area game has a field that fails to meet proper specifications, it will be the responsibility of the home school to obtain a site nearest to it that meets the specifications or to modify its own field. (Note: A baseball field does not meet specifications for section and sub-state play.)
- (3) A field may have the following modification in order to meet the requirements for hosting an area, regional or state tournament game:
 - (a) A minimum distance of 15 feet from the backstop to home plate. (The National Federation Rule Book specification is 25 feet.)
 - (b) The minimum distance from home plate to the nearest obstruction in fair territory is 185 feet (maximum is 235 feet). Note: The fence distance in the state tournament is 200 feet.

Playoff Format

DATE: All area games must be played no later than **Saturday, April 20**. All brackets are due **Monday, April 22** by 10 a.m.

COORDINATOR'S RESPONSIBILITY: The designated coordinator of each area must have an organizational meeting of all area schools prior to Jan. 31 to finalize the area schedule, set up a procedure for making up area games, establish a team entry fee (if necessary), and adopt plans to cover tournament expenses. Team travel should be considered only if surplus funds are available after the payment of regular tournament expenses.

FORMAT: Each team in the area must play each area opponent two regular season games (home-and-home) prior to its area tournament in order to qualify for the championship program. If an area team fails to qualify for the playoff, any game played against that team will be treated the same as a non-area game.

The winner of the regular season play will host the area tournament.

SEEDING: Seeding of teams will be based on the percentage of area games won against teams that qualify for the playoff. If a team plays a qualified area team more than twice during the season, only the first regular season game at each home site will count in determining the area winning percentage. All other head-to-head regular-season games will be considered non-required games (the same as games against non-area opponents) for tie-breaking purposes. Failure to play all area games could result in fines, probation and/or disqualification from the area tournament.

TIE-BREAKING PROCEDURE

In the event there is a winning percentage tie by two or more teams for a certain seed, that seed will be determined by applying the following tiebreaking factors in the order listed, beginning with (a) for two teams or (aa) for more than two teams.

A tie for the highest seed will be resolved first, then the next highest seed will be resolved by applying the same tiebreaking factors in the order listed, beginning with (a) or (aa) as determined by the number of teams in the tie.

If a certain tiebreaker does not apply to the tie being resolved, apply the next factor in the order listed.

The tiebreaking factors:

If Two Teams Tie . . .

- (a) . . .the team which defeated the other in both regular season games will be seeded ahead

of the other. Games played in tournament play are not counted in tie breakers.

- (b) ...and the teams split their two regular season area contests, the team which had the highest winning percentage in any non-area regular season contests against each other will be the higher seed.
- (c) ...and the two teams split their two regular season games, the team with the highest winning percentage against the No. 1 seeded team will be seeded ahead of the other. If the tie is for the No. 1 seed, apply (d) and the remaining tiebreakers in order as necessary.
- (d) Apply (c) using winning percentage against the No. 2 seeded team;
- (e) Apply (c) using winning percentage against the No. 3 seeded team;
- (f) Apply (c) using winning percentage against the No. 4 seeded team;
- (g) Apply (c) using winning percentage against the No. 5 seeded team.
- (h) Apply (c) using winning percentage against the No. 6 seeded team;
- (i) By a flip of a coin.

If More Than Two Teams Tie . . .

- (aa) ...the team which had the highest winning percentage against all the other tied teams during regular season area play will be seeded ahead of all the other tied teams.
 - 1. If two teams tie for the highest winning percentage ahead of all the other teams involved in the tie, apply the two-team, tiebreaking factors for those two teams, beginning with (a) and the highest-ranked team will be placed ahead of all tied teams. Then, if needed, for all other teams involved in the original tie, apply tiebreaker (a) if only two teams remain and (aa) if more than two teams remain.

NOTE: This (aa-1) procedure will apply in all remaining tiebreaker factors where applicable.

- (bb) ...the team which had the highest winning percentage in any non-area regular season contests against each other will be the higher seed ahead of all other tied teams. (In order for this tie breaker to apply, the teams must have played the same number of non-area games against all other tied teams.)
- (cc) ...the team with the highest winning percentage against the No. 1 seeded team will be seeded ahead of all the other tied teams. If the tie is for the No. 1 seed, apply (dd) and the remaining tiebreakers in order as needed. Then the next seed will be resolved by applying the tiebreaking factors in the order listed for all the other teams involved in the tie, beginning with (a) or (aa) as determined by the number of teams still tied.
- (dd) Apply (bb) using percentage against the No. 2 seeded team;
- (ee) Apply (bb) using percentage against the No. 3 seeded team;
- (ff) Apply (bb) using percentage against the No. 4 seeded team;
- (gg) Apply (bb) using percentage against the No. 5 seeded team;
- (hh) Apply (bb) using percentage against the No. 6 seeded team;
- (ii) By flip of a coin.
